

REMARKS

Submitted herewith are new formal drawing sheets for Figs. 1 through 4. These sheets are intended as replacement sheets for old informal drawing sheets Figs. 1- 4.

The formal drawing sheets submitted herewith are substantially the same as those contained by the Parent Application, which issued July 6, 2004 as United States Patent No.: 6,759,386. Consequently, substitution of the formal drawing sheets for informal Figs. 1 through 4 should not result in addition of new matter.

It is respectfully requested that the formal drawings for Figs. 1 through 4 be approved.

Respectfully submitted,
Wayne P. Franco
